FOSTER TOGETHER NOT ALONE

The Community Challenge

When communities step up together, families stay and children thrive

What if fostering wasn't something you did alone?

How it Works

- ✓ Learn about foster care together as a Community
- ✓ One or more families may foster
- ✓ Others provide a built-in support: respite, childcare, encouragement
- ✓ Everyone plays a role, no one carries it alone!

Why It Matters

- ♥ Removes fear of doing it alone
- ♥ Reduces Burnout and Isolation
- ♥ Creates Natural built-in support
- ♥ Helps families stay longer and children stay stable

This is for you if....

- You already show up for each other
- You believe it takes a village
- You want to make a difference together
